## SUMMARY

Informatics Engineering graduate and web developer focused on building clean, responsive, and user-friendly interfaces with React, Next.js, and TypeScript. Comfortable working across the stack, including relational database design and API integration using Supabase and PostgreSQL. Has built and deployed real projects, from a company profile with a custom CMS to a real-time point-of-sale application.

## SKILLS

**Frontend:** React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, React Hook Form

**Backend:** Supabase, REST API, Authentication, CRUD, real-time data synchronization

**Database:** PostgreSQL, MySQL, SQL

**Tools:** Git, GitHub, Vercel, Figma, Postman, Zod

## PROJECTS

### Nipon Konstruksi — Company Profile & CMS

Next.js, React, TypeScript, Supabase, PostgreSQL | niponsaranakonstruksi.co.id

- Built a responsive company profile website with a secure admin dashboard.
- Designed the relational database and implemented full CRUD for content management.
- Integrated the frontend with Supabase and added dynamic data fetching so the site updates automatically from the admin panel.
- Deployed to production, now running on a custom domain.

### Real-Time Point of Sale (POS) System

Next.js, React, Supabase, PostgreSQL | portofolio-sage.vercel.app

- Built a full-stack POS application with real-time inventory and transaction updates.
- Designed the PostgreSQL schema and implemented CRUD for products and sales.
- Structured the interface with reusable components and deployed to Vercel.

## EXPERIENCE

### UI/UX Designer & Product Management Intern — Comentor

Sep 2023 – Jan 2024 · Padang, Indonesia

- Designed user flows, wireframes, and prototypes for product features.
- Helped define user requirements and feature specifications, and contributed to Product Requirement Documents (PRD).
- Collaborated with cross-functional teams during product planning.

### Computer Lab Assistant (Staff Support) — Universitas Putra Indonesia YPTK Padang

Mar 2022 – Apr 2024 · Padang, Indonesia

- Configured network devices and installed software.
- Performed troubleshooting for hardware and software issues.

## ORGANIZATIONAL EXPERIENCE

### Forum Studi Informatika — Human Resources & Creative Media

Jun 2022 – Mar 2024 · Padang, Indonesia

- Served as Event Lead (Chairperson) for the “Tambah Pintar (TAMPAR)” educational program, coordinating planning and execution.
- Contributed to web design learning materials and designed event posters.

## EDUCATION

### Bachelor of Informatics Engineering — Universitas Putra Indonesia YPTK Padang

2020 – 2025 · GPA 3.06 / 4.00

Relevant coursework: Web Development, Software Engineering, Database Systems, Decision Support Systems.

## LANGUAGES

Indonesian (native), English (intermediate)
